RFMW Announces Global Distribution Agreement with KCB Solutions

4/28/2020 – San Jose, California: RFMW announces a Global distribution agreement with KCB Solutions (KCB) effective immediately. Under the agreement, RFMW will support KCB's product offering with a focus on their standard RF and microwave components portfolio including attenuators, switches, and amplifiers. RFMW is a specialized distributor providing customers and suppliers with focused distribution of RF and microwave components as well as specialized component-engineering support.

"We are pleased to add RFMW as a specialty distributor. RFMW will undoubtedly bring new opportunities to KCB and will help expand our customer base in the RF and microwave market," said Ralph Nilsson, President KCB Solutions. "KCB Solutions continues to grow and diversify our product offering to address customer needs, and RFMW will enable us to expand our global reach and allow us to better serve our customers."

"We are excited to partner with KCB Solutions, a well-established and reliable supplier with many innovative component solutions," said Joel Levine, President RFMW. "The new partnership with KCB Solutions will further RFMW's extensive offering of RF and microwave components, particularly for the military market. KCB Solutions offers a wide selection of high reliability components for a variety of market segments including military communications, radar, electronic warfare, aerospace and space."

About KCB Solutions, LLC
